GLOBAL INTEGRATION

Having 210 agencies and 3000 retail stores countrywide, our products account for 80% of local market share, and the average export proportion occupies 30% out of the total sales. Nghia Nippers has entered demanding markets consisting of USA, Canada, Germany, France, Italy, Russia, Japan, etc.

The company has operated under the ISO international quality standard management system since 2000 and been certified with the latest ISO 9001:2015 having advanced facilities and highly technological procedure.

Nghia Nippers now has almost 2,000 employees, and the majority of them have rich experience, learning initiatives, and creative mind, adding significant contributions to the company's product development in terms of sophisticated producing techniques and delicate designs satisfying the needs of all consumers.

BUSINESS PHILOSOPHY

“Quality is vitally important to a brand.”

Everything starts from Quality. Building a brand likes planting a tree. Unless you thoroughly seed quality, fertilize quality, and water quality, your tree will collapse once a storm passes through.

To affirm that Nghia Nippers is the pride of Vietnam National Brand in the global beauty industry by producing perfect products and offering the best beauty care services, “Nghia Nippers” aspires to satisfy the beauty needs of consumers around the world.

FOUNDATION

It is hard to believe that the streetside sharpening artisan with 1,5m2 and some simple tools Tuan M. Nguyen had determined to become an entrepreneur thanks to his passion toward the love of producing the best nail tools. From that big dream, he had led Nghia Nippers Corporation every solid steps to be an international acknowledged Vietnamese Brand.

ADVANCED TECHNOLOGY

While hot forging technology guarantees exceptional hardness, durability and long lasting sharpness, sophisticated machines imported from Europe offer high values of safety and hygiene. All these features make great contributions to the outstanding quality of products at Nghia Nippers Corp.
